4 PUBLIC SPEAKING TIME

Ms Bernie Wi Neera presented a proposal about installation of several security cameras in Paekakariki Village at various locations. The community are willing to donate towards this but a policy is needed in relation to any footage recorded. Possible opportunity to bulk buy cameras and local installer is available. She expressed concerns in the increased crime in Paekakariki over the recent years. She also encouraged people to get educated about deterrents for vehicle crime.

The Chair suggested that the Paekakariki Community Trust could be involved in applying for funding for this initiative.

Mr James Jefferson advised that Council does not currently have a policy around crime prevention cameras.

Ms Karen Simpson gave an update about the Paekakariki Surf Club rebuild project. The lease has been granted from Greater Wellington Regional Council. Site has not changed from the site proposed at the community consultation. Current site has been condemned so the Surf Club cannot use the site and are currently operating out of containers. She requested that any groups who want to use the new clubrooms be put in touch with her so the Club can discuss the rebuild with them. Will have a community room with commercial kitchen and bar. The space will be able to be divided into 3 separate spaces for use. There is still a need for more funding for the project, especially a cornerstone funder for approximately \$2million.

Ms Jenny Rowan advised that the project is at a critical point and requested a letter from the Community Board to the Council supporting the project.

Ms Amanda Cottrell recommended that the Surf Club make contact with Council's funding coordinator Tonya Jones.

Ms Jessica Hortop recommended that the Surf Club make contact with Paekakariki School to support this.

Ms Mary Gow spoke to her funding application for the Mulled Wine concert in April 2022. They are working to produce 6 concerts this year. She does not want to postpone or cancel any events this year. The events are being advertised on ZB Radio this year as well as via letterbox drops and posters.

Ms Jenny Rowan updated the Board on the Wainuiwhenua project. They project has made good progress with Ngati Toa, and are meeting with Greater Wellington Regional Council on Thursday to discuss progress.

Ms Jan Nesbitt spoke on report from Council about the exit from Queen Elizabeth Park and Poplar Avenue. There was a suggestion about more signage and the need for more road structures in place to slow this down. She was happy with the outcome for cyclists being allowed on the motorway from Paekakariki to the off ramp at Queen Elizabeth Park.

Constable John Stewart heard from the Chair about the community's crime concerns, including car windows being broken and hot wired. She referred him to Ms Bernie Wi Neera's think tank on this issue. He said cameras were a good deterrent but need to have someone who can access the footage and can obtain car registrations. The offenders are known to police and are young people from Levin. Mr Stewart has requested patrols to attend the area regularly and they are doing so. He has agreed to meet with Bernie and discuss the camera proposal. The Paraparaumu Community patrol covers Paekakariki as well.
