PARAPARAUMU COMMUNITY BOARD INITIATIVES FUNDING GRANT APPLICATION FORM

Criteria for Initiatives Grants

The Paraparaumu Community Board was granted \$20,000 in the Long-term Plan for the year 2021/22 and \$20,000 for the year 2022/23.

This Initiatives funding is additional to the discretionary funding the Community Board is allocated through the existing grant processes; and is an opportunity for the Community Board to use in support to meet the Wellbeing and needs of our residents that Board Members are seeing in our communities.

General Principles

- The funding cannot generate an asset that belongs to the Council.
- All health and safety obligations under the Health and Safety at Work Act rest solely with the beneficiary of the funding issued.
- Funding cannot be issued directly to each Community Board or the Council.
- Unallocated funds cannot be carried over to the next financial year.
- The General criteria is to 'better enable local activities, engagements and communication with communities.'

The purpose of the Paraparaumu Community Board's Initiatives Fund is to provide financial assistance for the Wellbeing of our communities and to better enable local projects, activities and engagement.

Criteria

1. The applicant must be non-profit making.
2. The applicant must use the funding for a project or activity that supports the Wellbeing of our communities in the Paraparaumu community.
3. Only one application will be considered by an individual or organisation for one project/activity.

Please note: All applications must have full documentation to support their application (**maximum of five pages in total**).

Accountability

Applicants are required to provide written confirmation or a verbal report that the money was spent for the purpose granted within 2 months of completion of the activity. Individuals are required to outline the benefits gained for them and community groups are required to furnish a written report outlining the benefits gained by the community. In normal circumstances applicants failing to meet accountability criteria will be excluded from any further applications for two years.

The Paraparaumu Community Board requires all monies that are not used for the purpose applied for to be returned to the Initiatives Fund. Failure to do so may exclude the applicant from any further application.

Procedure for Applications

1. Applications must be made on the approved application form and must contain all supporting information. Failure to provide all of the required information will result in the application being returned to the applicant.
2. Applications must include a bank deposit slip.

The above conditions and criteria do not preclude the Paraparaumu Community Board from considering any application at its discretion.

APPENDICES

1. Matters Under Action - Paraparumu Community Board [↓](#)

Paraparaumu Community Board – Matters Under Action Register (as at May 2023)

Item	Progress
Town Centres Project/ Paraparaumu Transport Hub	<p>A joint project between Kāpiti Coast District Council and Metlink to improve users' public transport experience and better connect the Paraparaumu Transport Hub to the retail centre has commenced. Works involve building a larger and more convenient bus interchange set within a landscaped, fully accessible public plaza and the design allows commuters to move between the train and bus while remaining undercover. Repeating elements such as concrete paving, seating and cultural works will feature within the plaza on both sides of the road (Old State Highway 1). It'll help make the whole area look and function like one extended space separated by a controlled pedestrian crossing. The footpath leading to Kāpiti Lights will be widened and improved and the pedestrian underpass will remain in place. Metlink are installing their first distinctive living-roof bus shelters. The shelters will also incorporate public transport infrastructure such as Real Time Information displays and signage designed to ensure easy wayfinding for passengers.</p> <p>Work is well underway with the plaza on Coastlands side due for completion end of June; with works on the station side expected for completion in October 2023.</p> <p>The Community Board requested a progress report – this will be scheduled for the July meeting.</p>
Kahe te Rau o te Rangi Artwork	<p>As part of Te Uruhi (the Gateway), Chris Gerritzen from Te Atiawa has been commissioned to provide art/cultural elements to the building and surrounds.</p> <p>The Community Board seeks clarification on whether this piece of art will form part of the McLean Park Upgrade if Te Uruhi Gateway does not proceed.</p> <p>The artwork is outside of scope for the McLean Park Upgrade but will be discussed as part of the workshop on next steps for Te Uruhi outcomes.</p>
CCTV on Council's Parks and Open Spaces	An analysis on Council's CCTV network is being looked into and a report will go to the Council in the new triennium and the Community Board will be updated after.
The following items are part of the Council's forward work programme (for noting and appropriate updates)	
Te Newhanga Kapiti Community Centre	<p>The Community Board seeks clarification on when Council will be briefed in progress.</p> <p>The Social Sustainability Sub Committee received a briefing on progress on 9 May.</p> <p><u>Current situation</u></p> <p>Council is considering the future of the Te Newhanga Kāpiti Community Centre alongside other related issues, such as the revisioning of the Paraparaumu Town Centre, the re-imagining of the Waikanae Library and Service Centre, and the need for community spaces in Ōtaki.</p> <p>A building condition survey undertaken in September 2022 concluded remediation of the existing building</p>

Item	Progress
	<p>is possible.</p> <p><u>Next steps</u></p> <p>The next steps include:</p> <ul style="list-style-type: none"> investigating the needs of the community across the district and identifying where facilities are best located to service those needs carrying out further structural assessments on the building to inform options, including remediation or replacement engaging with central government agencies and others to discuss partnering opportunities working with our iwi partners, mana whenua and the community to co-create a sustainable, accessible facility that supports community connections, wellness and resilience. <p>We expect to get a decision from Council about the way forward by the end of 2023.</p>
MacLean Park (skate park, amenity block, lights at the basketball court)	<ul style="list-style-type: none"> Public consultation on the skatepark design has closed with a final workshop with the user group undertaken in March 2023 to confirm concept design. The Martin Kaukau memorial is being incorporated into the skatepark Procurement of the amenity block supplier is complete. This will see the number of toilets increase from the current 3 to 6, and a fully accessible 'Changing Places' facility for high needs users. The aim is for the toilets to be delivered by December 2023. There will be additional landscaping to link the amenity block and the skatepark and provide an entrance to the park from the pedestrian crossing. The Council are engaging separately with Te Ātiawa ki Whakarongotai and Ngāti Toa to ensure mana whenua and rangatahi have input where appropriate, in particular how artwork and storytelling are incorporated in the design. The new lights at the basketball court have been installed and are operational. The aim is for the Stage 2 development to be complete by mid 2024.
The items below for Board Members' follow up:	
<ul style="list-style-type: none"> Wharemauku Park/Central Park Development (including Whale song, Kaitawa Reserve Restoration Group and restoration of the Wharemauku Stream) 	
<ul style="list-style-type: none"> Bus Shelters at Bus Stops on the Kapiti Coast - GWRC is working with the Community Board 	
<ul style="list-style-type: none"> Bus Parking areas - GWRC/Council working together to conform to modern standards 	
<ul style="list-style-type: none"> Beach Bylaw - Notice of Motion dated 23 Nov 21 requesting the Council review Beach Bylaw around people with disabilities accessing Manly Street north accessway in vehicles 	
<ul style="list-style-type: none"> Paraparaumu Airport 	
<ul style="list-style-type: none"> Disability Beach accessways 	
<ul style="list-style-type: none"> Footpath (5 Donovan Road to car park exit outside Te Atiawa Park, Paraparaumu Beach) 	

Item	Progress
Kaitawa Road Safety Concerns 7/9/22 for Board Members' follow up:	
	<ul style="list-style-type: none"> Conversation with trucking firms (logging) with regards to speed, road safety etc. <p><i>Alternate option for logging trucks to potentially use Waterfall Road rather than Ruapehu and other domestic streets (may have merit due to safety concerns and wear and tear on local roads).</i></p>
	<ul style="list-style-type: none"> Information monitoring and reporting
	<ul style="list-style-type: none"> Potential fixed cameras
	<ul style="list-style-type: none"> Camera monitoring in Wellington – but first step data collection
	<ul style="list-style-type: none"> Street light clearance regarding visibility
School Road/Traffic issues around the Paraparaumu area (information collated from the Kāpiti-Ōtaki Principals Association) for Board Members' follow up:	
Paraparaumu	<ul style="list-style-type: none"> Seeding cars down Ruapehu Street Visibility issues for Road Patrol children when cars are poorly parked Diamond indicators for Road Patrollers now in the wrong place after the road crossing was moved. Buses hitting parked cars.
Kāpiti Primary	<ul style="list-style-type: none"> No issues at the moment
Our Lady of Kāpiti	<p>We are having ongoing conversations with KCDC (Road Safety Educator & Vehicle Crossing Inspector) and Community Constable. No changes as yet</p> <ul style="list-style-type: none"> Phases on the lights at the intersection of Milne and Kāpiti Roads. Too short, only getting a few cars through before it changes. Peak times 8.30-9.10 and 2.30 to 3.10. Cars are backed into our car park at the end of the day. Children have to cross Presentation Way to get to the lights and so children are walking through cars. Bruce spoke about a refuge crossing with directional yellow tactile markings halfway between the school entry and Milne drive.

Item	Progress
Paraparaumu Beach	<ul style="list-style-type: none"> Narrowing of road by school on Gray Avenue which creates traffic chaos at peak times. Buses constantly sideswipes cars, knocking off mirrors and endangering people trying to exit vehicles. One car had a door crushed by another vehicle. Cars therefore park on verges and over footpaths causing hazards for kids. The narrow road makes kids on bicycles feel unsafe. Wider road would solve traffic issues and create more parking. Would like the road widened earlier than on District plan allows (widen from school driveway to just south of Calendar Terrace). Road Patrol students on the school side of Gray Avenue crossing cannot see north along Gray Avenue due to the lower position of pavement/patrol sign/post. Raised pedestrian crossing would help address this issue. Speed leading up to crossings need to be 30kmh (we realise this needs Government change/Waka Kotahi change)
Paraparaumu College	<ul style="list-style-type: none"> Significant congestion on Mazengarb Road around 3.15pm. One crossing that is right at the end of the school by the roundabout. It is well used but difficult to get students to use it if they are walking the opposite direction (or live directly across the road from school). Access across the bridge is narrow and heavily used by cyclists and pedestrians. We have made a submission to include a cycle path towards The Drive and this had some approval and works were going to be underway but have now stalled (not sure what the issue is). Ideally, we would like a separate cycle/pedestrian bridge from our courts across to the path by the Jolly.
Kena Kena	<ul style="list-style-type: none"> At Kenakena we have had ongoing issues with Arnold Grove as a pick up and drop off area. We have seven allocated 'drop off and pick up' car parks in front of the school on this road however parents often get out and leave their cars in these drop off zones for up to ten minutes. This residential street is very narrow and there are often cars parked on yellow lines or across driveways. Cars also park the complete length of Arnold Grove which means that access into this street from Martin Road is often down to one lane causing congestion up and down the street. Cars also park on whatever grass areas there are large enough to accommodate a car. Sometimes, particularly on wet days, parents can be seen calling their children from the other side of the road which means children can attempt to cross the road in amongst the congestion and we have had several near misses. We have attempted to monitor this area ourselves and ask parents to move on but the response from parents is often abrasive. Regular reminders in the newsletter about the legality of the parking on yellow lines, across driveways etc, as well as the fact there are many available car parks on Donovan Road tends to have no noticeable impact. We do request our Police Education Officer comes down to be a 'presence' when possible but obviously this isn't able to be a regular occurrence. The public bus timetable for kids getting home doesn't suit school kids. They often miss it because it's around 3:05 and the next one is a while later.
Chamelot/Greendale	<p>The group made the following recommendations to Council Officers which are being implemented:</p> <ul style="list-style-type: none"> Solar lighting at end of Lancelot Grove

Item	Progress
	<ul style="list-style-type: none">• Cameras on Lancelot Grove, Otaraau Park and Greendale Reserve• Signage advising CCTV in use• No parking / No freedom camping signage end of Lancelot Grove and Greendale Reserve• Install bollards / add landscaping at end of Lancelot Grove to deter parking on berm• Cycling / walking paths and planting on both side berms on Lancelot Grove• Extend parking in Otaraau Park, add signage to encourage parking in Otaraau Park• Add Freedom camping areas inside Otaraau Park• Lock gates at Greendale Reserve and add pedestrian gates• Increase Police and Council patrols at Lancelot, Otaraau Park and Greendale reserve• Speed cushions / anti skid devices down Lancelot Grove / King Arthur Drive• Deterrents within Otaraau Park for 4x4, boy-racers, and dirt bikes
Kāpiti Boating Club	Visitor flows are causing issues for boating club members due to parking.
