7.1	Update on Cycleways, Walkways and Bridleways	
	Appendix 1	
		Cycleways, Walkways & Bridleways presentation by Bruce Henderson 15 June 2023..... 4

Cycleways, Walkways, Bridleways Advisory Group

Who are we?

A Council-mandated Advisory Group, with members representing the key active travel user groups within the Kāpiti District:

Cyclists –on-road, recreational, mtb ⊙ Walkers, joggers, hikers ⊙ Equestrians
Older persons ⊙ People with disabilities (Accessibility) ⊙ Recreational Open Spaces
Iwi ⊙ Youth ⊙ “Small wheels” ⊙ Environmental Care Groups

Two elected Council members

Council Officers representing Parks, Open Space and Environment, Access and Transport

Each user group nominates representatives (primary and deputy) which are confirmed at the first meeting of each triennium.

Council provides facilities and administrative support.

Nice group to be a part of

Kāpiti Coast District Council

9 June at 11:02 · 🌐

With the stunning new Peka Peka to Ōtaki Expressway shared trail now open, we'd like to give a big shoutout to the behind-the-scenes volunteers and staff who work tirelessly to help progress these projects. Their work over many years to improve access and connections benefits us all. ❤️

Pictured here are members of our awesome Cycleway, Walkway and Bridleway Advisory Group who made a valuable contribution to creating the entire 'Coast35' pathway. Thank you for all your mahi, team!

To check out our new Kāpiti Coast Trails Map for the full Coast35 route and other great trails, visit www.kapiticoast.govt.nz/trackstrails

User Groups

- School children walking, riding and rolling to and from school
- Commuters
- Shoppers
- Recreational users
- Visitors to our district

Our objectives:

1. Proactively identify opportunities, issues and advise on cycling, walking, and equestrian matters on the Kāpiti Coast in general
2. Advise on priorities for implementing the Cycleway, Walkway and Bridleway (CWB) Strategy, Network Plan and Activity Management Plan in the Kāpiti Coast District
3. Facilitate communication between the Council and the community on cycling, walking, and equestrian matters on the Kāpiti Coast, and
4. Make recommendations to the Group Manager Place and Space, Group Manager Infrastructure Services and to Council on new opportunities and CWB matters.

The CWB Terms of Reference are reviewed at the beginning of each triennium and signed by the CWB Chair, the Group Manager Place and Space and the Group Manager Infrastructure Services

Toitū te whenua, toitū te wai, toitū te tāngata – toitū Kāpiti: the lifestyle choice

Key Council Strategies

- [Open Space Strategy 2022](#) -this is our core reference as we sit in the Parks and Reserves space
- [Sustainable Transport Strategy 2022](#)
- [Destination Management Plan 2021](#)

Much of our work is also informed by material published by NZTA Waka Kotahi within their [walking and cycling resources](#) (in our case making provision for the equestrian sector -we're rather unique in this sense); [Streets for People](#) ; and concepts such as [15-minute neighbourhoods](#) .

Where can you find our trails?

<https://www.kapiticoastnz.com/explore/>

<https://www.wellingtonregionaltrails.com/trails>

via the **District Council website**
bridleways, cycleways, walkways page

the region's finest adventure walks! Sorry, no bikes, horses or dogs on this narrow and steep trail, which forms part of the Araroa trail.

Kāpiti Coastal Cycling Route
Look out for the blue signs for this well marked, mostly on road cycling route which connects the Coast from Paekākāriki to Ōtaki. Many riders combine the route with parts of the Coast 86 and other shared paths to form loops. The signs are endless!

Good for you, good for the planet
Spending time in nature is a proven way to boost your wellbeing and longevity too!
Switching a short pump-up or two from an oil backed car to travelling by bike or on foot is also good for the planet and off-road tracks make the commuting feel like fun.

At this point in our development, we are pivoting from our original core focus on the Stride ‘n Ride network (i.e. a primarily recreation focus), to making a contribution to providing a district-wide, safe, emissions-free alternative to reliance on private motor vehicles for all ages and abilities:

Travel to and from school

Travel to and from transport hubs

Travel to meet friends

Travel to events

Travel to local attractions

Travel for recreation

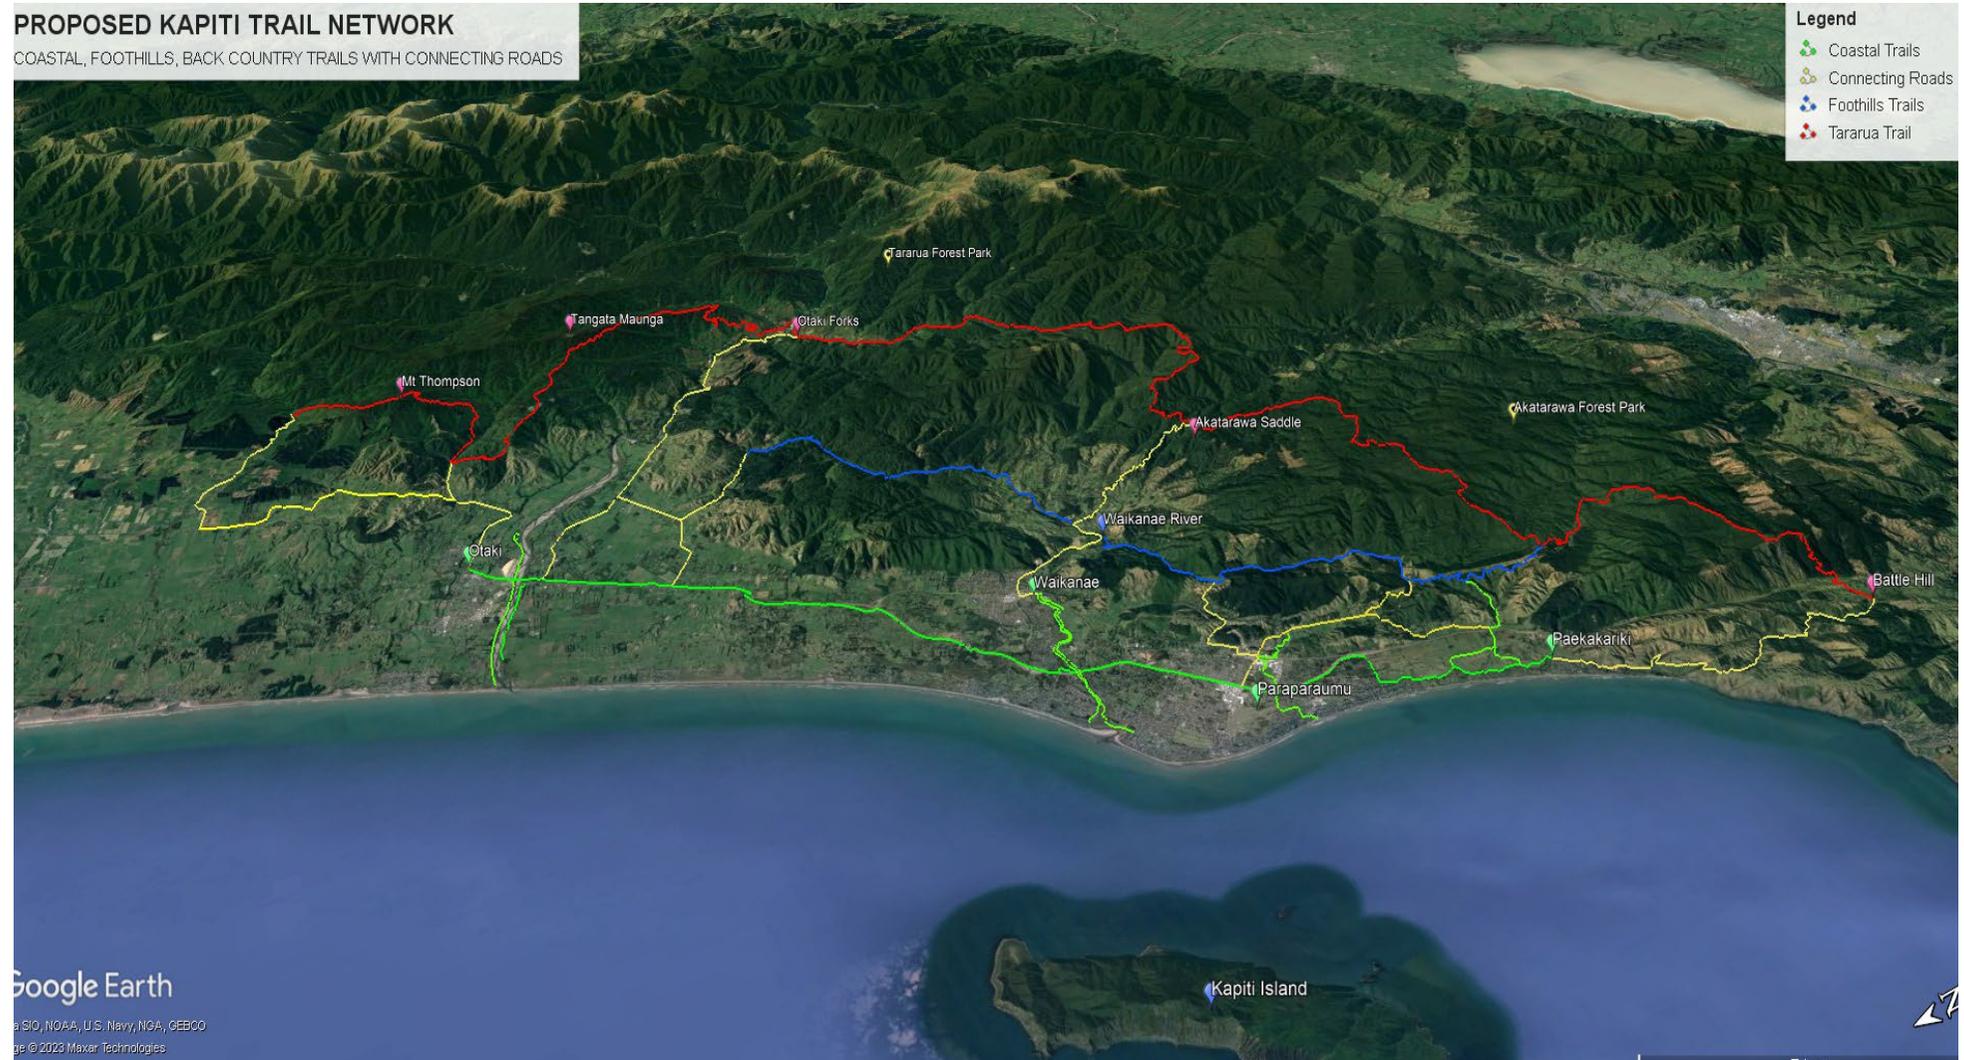

Moving forward

In no particular order:

- **Review resilience of the existing network, esp. streamside routes (Waikanae River, Wharemauku Stream)**
- **Develop safe on-road sectors between existing off-road paths (a route is only as safe as its least-safe sector, so less-confident travelers will avoid it)**
- **Continue to develop child-safe routes to all schools**
- **Greatly extend the provision of cycle racks throughout the district so that riders can safely lock their bikes up while visiting attractions and venues**
- **Place more seating along paths for people to sit, rest and contemplate**
- **Continue to find and develop walking and riding opportunities throughout the district to enhance visitor experience –to and through the hills, down to the beaches and in between.**

PROPOSED KAPITI TRAIL NETWORK

COASTAL, FOOTHILLS, BACK COUNTRY TRAILS WITH CONNECTING ROADS

Thankyou

I'm happy to answer questions
