1. Matters Under Action - Paraparaumu Community Board [↓](#)

Paraparaumu Community Board – Matters Under Action Register (as at August 2023)

Item	Progress
Town Centres Project/ Paraparaumu Transport Hub	<p>A joint project between Kāpiti Coast District Council and Metlink to improve users' public transport experience and better connect the Paraparaumu Transport Hub to the retail centre has commenced. Works involve building a larger and more convenient bus interchange set within a landscaped, fully accessible public plaza and the design allows commuters to move between the train and bus while remaining undercover. Repeating elements such as concrete paving, seating and cultural works will feature within the plaza on both sides of the road (Old State Highway 1). It'll help make the whole area look and function like one extended space separated by a controlled pedestrian crossing. The footpath leading to Kāpiti Lights will be widened and improved and the pedestrian underpass will remain in place. Metlink are installing their first distinctive living-roof bus shelters. The shelters will also incorporate public transport infrastructure such as Real Time Information displays and signage designed to ensure easy wayfinding for passengers.</p> <p>Work is well underway and progressing however we have experienced some delays with finalizing the GWRC living earth shelters and their foundations, expected for completion in October 2023.</p>
CCTV on Council's Parks and Open Spaces	An analysis on Council's CCTV network is being looked into and a report will go to the Council in the new triennium and the Community Board will be updated after.
The following items are part of the Council's forward work programme (for noting and appropriate updates)	
Te Newhanga Kapiti Community Centre	<p>Officers are exploring opportunities for the development of the community centre. A date has not yet been scheduled; an update is likely to happen in the next couple of months.</p> <p>The Community Board seeks clarification on when Council will be briefed in progress.</p> <p>Council's SSSC was updated on progress in May, with the project team currently undertaking an assessment to understand the community's needs, and how we can best shape this space now and into the future. We will be updating the community board and council as the project progresses.</p>
MacLean Park (skate park, amenity block, lights at the basketball court)	<ul style="list-style-type: none"> • Public consultation on the skatepark design has closed with a final workshop with the user group being undertaken in March 2023 to confirm concept design. • The Martin Kaukau memorial is being incorporated into the skatepark • Procurement is underway with amenity block suppliers to deliver more toilets (increase from the current 3 to 6 toilets), and a fully accessible 'Changing Places' facility for high needs users. We have experienced some delays with consenting, so have delayed the start of the amenities build until Feb 24 to avoid disruption during the summer holidays. • There will be additional landscaping to link the amenity block and the skatepark and provide an entrance to the park from the pedestrian crossing. • The Council are engaging separately with Te Ātiawa ki Whakarongotai and Ngāti Toa to ensure mana whenua and rangatahi have input where appropriate, in particular how artwork and storytelling are incorporated in the design. • The aim is for the Stage 2 development to be complete by June 2024.

Item	Progress
	<p>The Community Board seeks an update on the progress of the storytelling that was agreed to be provided through the better off funding package. The board also requested to be provided with the final design plans of the park.</p>
