## 9 PŪRONGO | REPORTS

### 9.1 DEVELOPING VISION KĀPITI - COMPLETION OF STAGE ONE

Kaituhi | Author: **Gina Anderson-Lister, Strategy Manager**

Kaiwhakamana | Authoriser: **Kris Pervan, Group Manager Strategy & Growth**

#### TE PŪTAKE | PURPOSE

- 1 This paper:
  - 1.1 Seeks approval of final products for Stage One, Vision Kāpiti.
  - 1.2 Updates you on the timeframes for publishing this material on the Council's website, and initiation of Stage Two Vision Kāpiti (master planning).

#### HE WHAKARĀPOPOTO | EXECUTIVE SUMMARY

- 2 An Executive Summary is not required for this paper.

#### TE TUKU HAEPAPA | DELEGATION

- 3 Council has delegated authority to consider this matter under section A.2 of the 2022-2025 Triennium Governance Structure and Delegations "Council and Mayoral Powers".

#### TAUNAKITANGA | RECOMMENDATIONS

It is recommended that Council:

- A. **Approve** the attached District and Local area reports and associated maps for Stage One, Vision Kāpiti, as set out in Appendices 1 to 7.
- B. **Acknowledge** that Stage One, Vision Kāpiti, represents views from more than 7,780 individuals which has informed the development of an enduring and representative view of the aspirations, priorities and themes for focus for District and Local areas.
- C. **Note**
  - C.1 The content of reports in Recommendation A, if approved, will inform the content prepared for the Vision Kāpiti webpage, as outlined para 13 of this paper.
  - C.2 That Stage Two of Vision Kāpiti is now underway with next steps including engagement with the community in early 2025 as outlined in paras 15 of 18 of this paper.

#### TŪĀPAPA | BACKGROUND

- 4 On 9 March 2023, the Strategy, Operations and Finance Committee (SO&F) approved the design and approach for the Vision Kāpiti programme, including that it would be delivered in three stages through to June 2026/27. SOF also endorsed a best-practice approach for developing Vision Kāpiti, based on five key elements of a 'collective impact model' (the model) as illustrated in Diagram 1 (below). Of note:
  - 4.1 Vision Kāpiti will establish 'a common agenda' for the Kāpiti district, through the development of a Vision and Blueprint based on comprehensive engagement with residents over a period of three-years.
  - 4.2 Separate workstreams are progressing actions related to elements 2 to 5 of the model.

Diagram 1: key steps in collective impact and direction setting

- 5 For Stage One, Elected Members set a goal to engage with as many parts of the community as possible, at both a district and local level. Community engagement began in August 2023 and ran in two phases. On 4 April 2024, SO&F:
  - 5.1 Noted the importance of hearing from a broad and significant portion of the Kāpiti district population, so that the themes and priorities that emerged would be both representative and enduring.
  - 5.2 Determined an aspirational goal to hear from between 1,700 and 2,500 people to ensure that feedback from at least 5% of the population is received. Council staff note that based on an existing population base of around 56,000, this will achieve a statistically significant sample size of views that is representative of the community as a whole.
- 6 To meet this aim, Elected Members utilised multiple channels of engagement between August 2023 and July 2024. This included:
  - 6.1 Local newspaper advertising
  - 6.2 Flyer drops at train stations
  - 6.3 Social media advertising
  - 6.4 Regular stories in Everything Kāpiti
  - 6.5 Radio advertising and elected member interviews on radio
  - 6.6 Digital ads through google and Facebook including google adwords promotion
  - 6.7 Media advisories
  - 6.8 Emails to ratepayers and flyers in a rates instalment invoice
  - 6.9 Physical 'engagement hub' locations, based in and near our libraries in Ōtaki, Waikanae and Paraparaumu.
  - 6.10 Online 'Have Your Say' pages for both district and local engagement.
  - 6.11 Targeted attendance at events (Kāpiti Food Fair, Toi Mahara Gallery opening, local markets, Ki Te Āpōpō Rangatahi event run by Te Wānanga o Raukawa), and at Coastlands mall
  - 6.12 Displays in parks
  - 6.13 Emails to schools with content for school newsletters and targeted sessions at some schools
  - 6.14 Targeted messaging to special interest groups such as dog owners and those interested in the arts through Council's mailing lists
  - 6.15 Workshops with Youth Council

- 6.16 Discussion at other advisory group meetings including Older Persons Council, Disability Advisory Group, and the Kāpiti Health Advisory Group.
- 6.17 Discussion with local schools, churches, business forums, retirement village groups, and other interest groups and organisations.

## HE KŌRERORERO | DISCUSSION

- 7 We are now in the final steps of completing Stage One, Vision Kāpiti. At final count, Elected Members have had direct feedback from 2,780 individuals directly (approx. 5% of the Kāpiti population), ensuring that the aspirational goal to receive feedback from at least 5% of the community.
- 8 More broadly, feedback was targeted to ensure a wide range of residents and views was sought in terms of age, ethnicity, gender and groups (i.e. business, not for profit, etc).

Of note:

- 8.1 The total noted in paragraph 7 is conservative as it excludes:
  - Informal engagement that Elected Members had with residents, where Elected Members shared general feedback (rather than direct detail) that they received in their day-to-day engagements.
  - The number of people who attended workshops or group sessions where details of attendees was not captured. However, several submissions representing groups are included in the documents, and a series of group workshop sessions were included in the analysis.
- 8.2 In addition to the total in paragraph 7, insights from the views of more than 5,000 individuals who made submissions into other recent engagement processes have been incorporated into the analysis in the attached District and Local area reports. This included:
  - Kāpiti Coast District Council Long Term Plan 2024-34 consultation
  - Waikanae Library Redevelopment consultation
  - Needs assessment: insights for Kāpiti Young People engaged with Zeal (Via Zeal)
  - Te Newhanga Kāpiti Community Centre consultation
  - Community Consultation through the Takutai Kāpiti project.
- 9 Council staff are confident that, by having a model led by our Elected Members at both district and local level, and using a variety of types of engagement, we have included a broadly representative range of views from across our district that can stand the test of time. Total feedback from direct and indirect sources included in Stage One Vision Kāpiti represents the views of around 7,780 individuals, which is representative of views of close to 14% of the Kāpiti district population.
- 10 On that basis, Council has established a firm understanding of the aspirations of the Kāpiti community and, on the basis of statistical modelling, an enduring and representative view of:
  - 10.1 **Short-term priorities, based on the Top-10 strategic priorities**, that were shared and tested; noting that residents indicated these priorities are focused on the right things.
  - 10.2 **What matters most, now and into the longer term**, based on the initial themes and results that are set out in the District and Local area reports and maps; noting that the collective views of residents who provided feedback outline areas for focus in relation to place, people and partnership.
- 11 On 6 August 2024, we socialised the draft final products for Stage One, Vision Kāpiti, with Elected Members for feedback (with a follow up item in the Elected Members Bulletin on 3

September 2024). An overview of additions to the reports since our last round of engagement, and the intended webpage design and content to summarise findings was shared at this time. Minor feedback from Elected Members was received and is now incorporated.

- 12 Council staff now seek your agreement to the final District and Local area reports which are attached in Appendices 1-7. They include the final maps and key information which will feature on the Councils website, under a new webpage “Kāpiti aspirations to the future - Vision Kāpiti”.

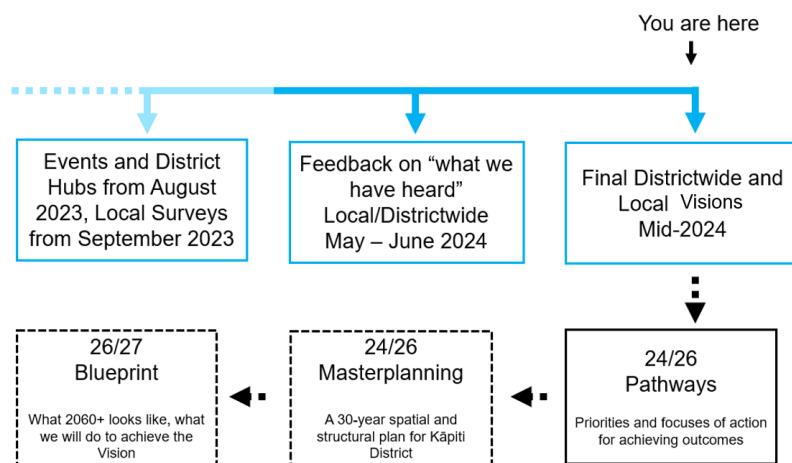

*Final products for Stage One*

- 13 Following your approval of the attached documents in Appendices 1 to 7, the content will be incorporated into the website content and design. A link to the finalised website will be shared with Councillors in early November 2024, in advance of a soft-launch later that month. The website will include:
  - 13.1 Visual maps of our district and local communities.
  - 13.2 Quotes representing key aspects of the Vision.
  - 13.3 Summary information on what we heard through the process including: where we are now, and what residents want to experience as we head towards 2060+. We will describe the shifts that are likely to need to be made to achieve these long-term aspirations, including examples of resident’s ideas that could help us to get there.
- 14 This will bring Stage One to a close.

*Next Steps in Vision Kāpiti – Stage Two*

- 15 The remaining Stages of Vision Kāpiti include:

*Diagram 2 – Timeline of Vision Kāpiti Three-Year Work Programme*

- 16 As with Stage One, engagement activity will continue to be led by Elected Members, taking values-based approach and utilising low cost but open and accessible options.
- 17 On 8 October 2024, Council staff shared a broad approach for Stage Two and the end products that would be delivered. An overview of the approach is set out in Appendix 8. In summary, it is envisaged that a series of rolling engagements will begin in February 2025, with a focus on:
  - 17.1 Testing Council’s current policy and regulatory settings to determine what needs to be recalibrated to enable and support a shift towards achieving the aspirations set in Stage One.

- 17.2 Initiating comprehensive planning to identify potential pathways to achieve the aspirations set in Stage One; ensuring that the cost, and affordability of pace of change is tested with residents. A focus on town-centre design will be the initial priority.
- 17.3 Confirming the decade-to-decade change necessary to achieve the aspirations set in Stage One. This will include establishing a masterplan that outlines a spatial representation over time; and the respective roles and responsibilities for achieving change (including management of Council's land holdings and assets).
- 18 In December 2024, we will share the proposed engagement programme and focus for the first half of 2025. This will progress in line with the agreed principles of low-cost, but open and enabling engagement mechanisms.
- 19 The overall timeframe for completing the three Stages of Vision Kapiti is June 2027, in time to inform the next Long-Term Plan.

### **He take | Issues**

- 20 There are no specific issues to raise in relation to the content of this paper.

### **Ngā kōwhiringa | Options**

- 21 No options are presented in this paper.

### **Mana whenua**

- 22 Throughout the Vision Kapiti's development process, we have been in touch with Te Āti Awa ki Whakarongotai, Ngā Hapū o Ōtaki, and Ngāti Toa Rangatira on how they would like to engage with the process and how their own Vision processes are reflected in this mahi.
- 23 Ngā Hapu o Ōtaki have been well engaged with the Ōtaki Community Board feeding their views and Vision to the Vision Kāpiti process.
- 24 Ngāti Toa and Te Āti Awa ki Whakarongotai have been undertaking their own targeted engagement with iwi members and the community.
- 25 We have discussed the possibility of further partnership with Te Āti Awa ki Whakarongotai and Ngāti Toa Rangatira as we progress with the next steps in Vision Kāpiti. They are keen to partner with us, particularly to find areas of collective action. We will also engage with Ngā Hapū on this as it develops to offer the same partnership approach.

### **Panonitanga Āhuarangi me te Taiao | Climate change and Environment**

- 26 There are no adverse, direct impacts on Climate Change and the Environment from this paper. However, a new vision and strategic direction provides an opportunity to consider Climate Change and Environmental outcomes within the Vision. It is clear from the feedback we received that these are priorities that our community are concerned about and want to see Council focus on, with reasonable action, within available resource.

### **Ahumoni me ngā rawa | Financial and resourcing**

- 27 The cost of progressing the Vision Kāpiti work programme is met through baseline funding set in the current Long-term Plan. There are therefore no specific financial or resourcing decisions requested by this paper.
- 28 Vision Kāpiti has taken a low-cost approach to date and will continue to operate in line with this principle in Stage Two.

### Tūraru ā-Ture me te Whakahaere | Legal and Organisational Risk

- 29 There are no specific legal or organisational risks to be discussed in this paper. The Vision Kāpiti approach aims to increase the community's trust and confidence in our organisation through a transparent and co-designed long-term Vision for the district.

### Ngā pānga ki ngā kaupapa here | Policy impact

- 30 There are no immediate policy impacts from this paper. However, as we progress the Vision Kāpiti work programme, we will also seek to review alignment of our policies, strategies and other documents to the outcomes articulated in the Vision.

## TE WHAKAWHITI KŌRERO ME TE TŪHONO | COMMUNICATIONS & ENGAGEMENT

### Te mahere tūhono | Engagement planning

- 31 We have worked with the Communications team on our communications and engagement plan to date, and the planned soft launch of Stage One outputs. Further planning will support the launch of Stage Two.

### Whakatairanga | Publicity

- 32 Council will use its established communications channels and work with elected members and community boards to socialise districtwide and local vision statements and supporting reports.
