

## Kāpiti Coast District Beach Survey

The Council is reviewing the Kāpiti Coast District Council Beach Bylaw. The bylaw creates the rules for Council-managed areas of beach for important things like health and safety, litter, access, vehicles, horses, motorised watercrafts and environmental protections. For more information on the refer, please go to: <https://www.kapiticoast.govt.nz/beachbylaw>.

The Council sought the community's input on how our beaches are managed and protected ahead of the formal review and consultation stage. This report provides results from that survey.<sup>1, 2</sup>

<sup>1</sup> Note that question numbering does not necessarily match the numbers in the hard copy version of the survey.

<sup>2</sup> Note that in the survey questions:

- GWRC = the Greater Wellington Regional Council's Proposed Natural Resources Plan
- DOC = the Department of Conservation's Waikanae Estuary Scientific Reserve Bylaw
- KCDC = the existing Kāpiti Coast District Council Beach Bylaw 2009, and
- the coastal marine area is on the seaward side of mean high water springs (i.e. the average of the high tides, and generally identified by the line of seaweed and driftwood on the beach).

## Part 1: Beach activities

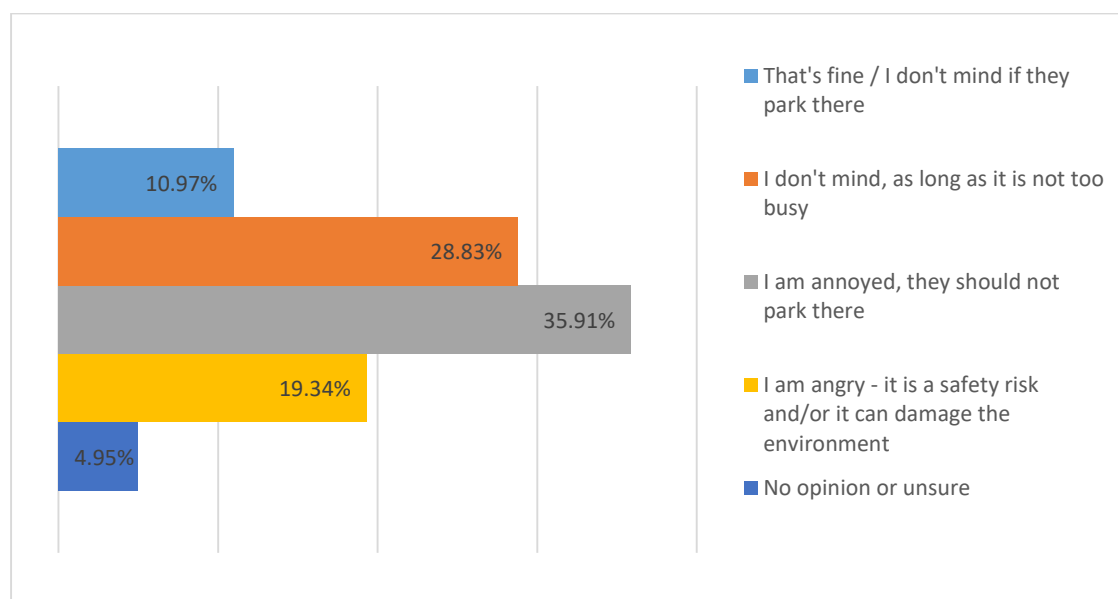

1. What do you love most about using and visiting Kāpiti's beaches?

Answered: 1,559

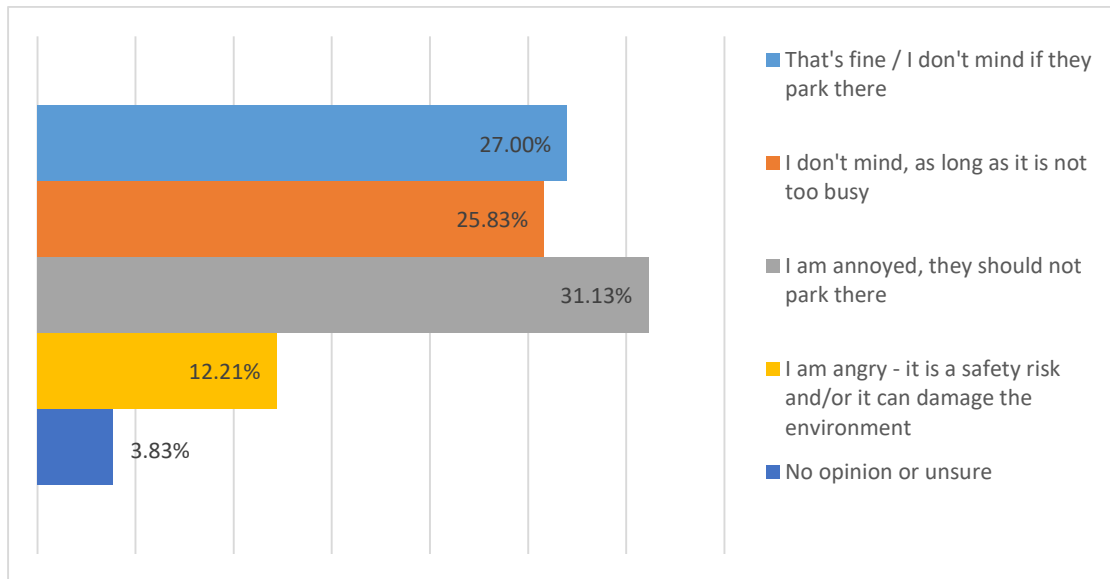

2. Someone has parked at a busy boat launch and retrieve site in the coastal marine area, even though they are not launching or retrieving a boat (which means this action is not permitted by GWRC). Which statement best describes how you feel about where they have parked?

Answered: 1,696

3. Someone has parked on the beach with a disability permit in an area where cars are not permitted by either GWRC or DOC. Which statement best describes how you feel about where they have parked?

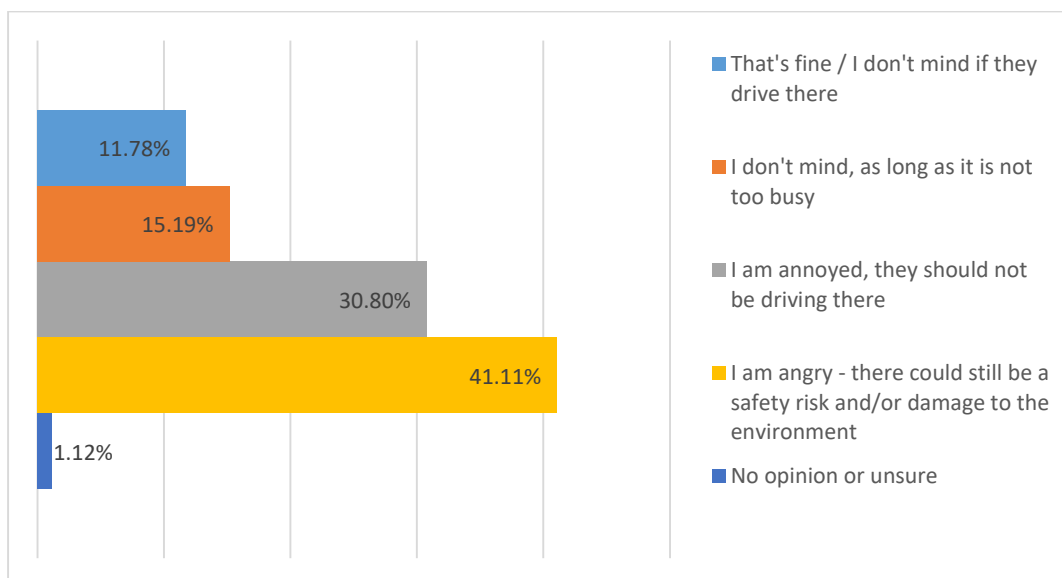

Answered: 1,696

Answered: 1,697

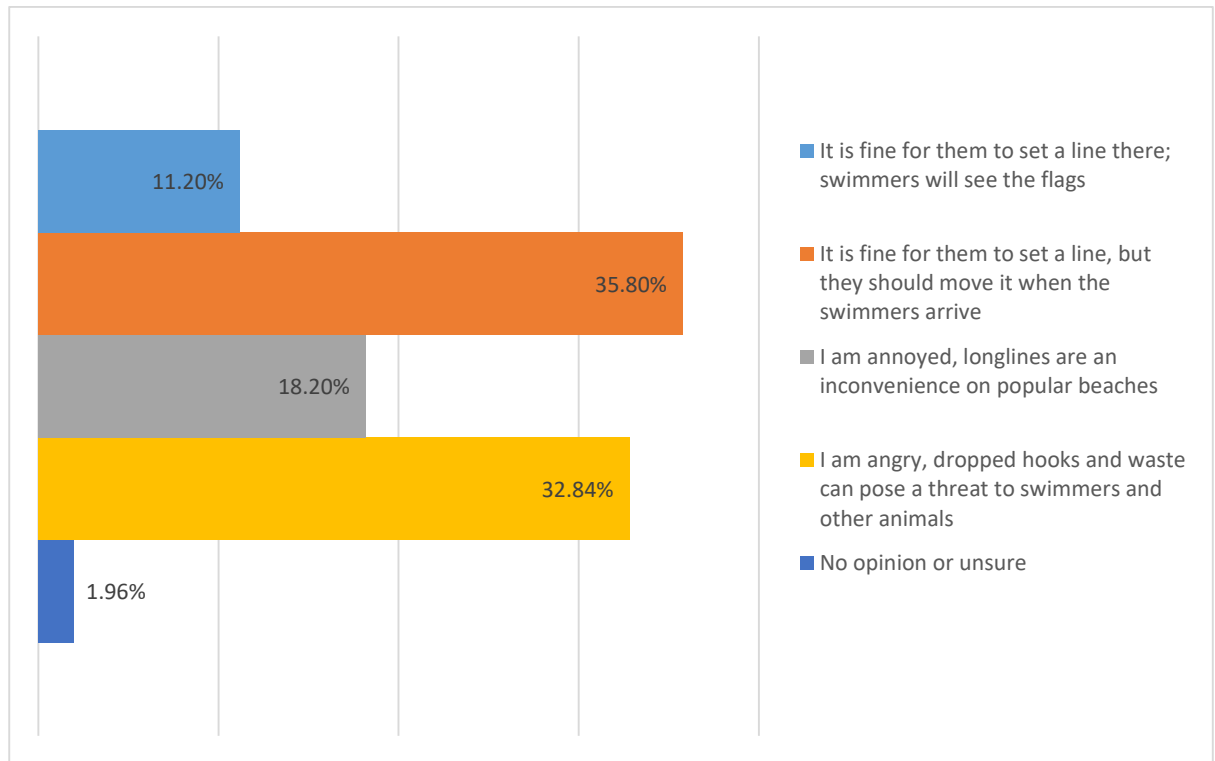

6. Someone is driving a two-wheeled (road or off-road) motorbike, even though these are not allowed on any Kāpiti beach by GWRC, DOC, or KCDC. Which statement best describes how you feel about this driving of a two-wheeled motorbike on the beach?

Answered: 1,689
